H 4607	2U Patch lead hanger panel	36.95	33.50	29.95

Rack Support Brackets

These simple to install brackets provide rear or front support for equipment when installing into a rack. For instance when bolting a heavy amplifier into a rack, these brackets can hold the unit level allowing one person to easily bolt the amplifier into place. Sold in pairs. **Note: Suits both 450mm and 600mm deep rack frames. They bolt into one side only.**

Price Per Pair		RRP	2+	4+
H 5161		42.50	40.00	36.50

Half Rack Mounting Brackets

Enables rack mounting of the Redback® half rack audio products. Two versions available, standard 19" rack mount model or "under desk" mount model. H 4990 allows the mounting of two "half rack" units into a 19" 1RU space on a rack frame. H 4992/3 are used to fill in the unused section when a single unit is fitted. H 4991 enables the unit to be mounted beneath a desktop or dash.

Price Each		RRP	2+	4+
H 4990	19" Rack mounting kit	58.00	53.00	48.00
