

Redback® 2-Way 8 Ohm/100V Line Wall Speakers

Offers the flexibility for 8 ohm domestic use or 100V line for commercial installations. These stylish wall speakers deliver high quality sound for music and sound reinforcement in both domestic and commercial installations. Ideal for entertaining areas at home or boutiques, cafes, pubs & clubs in professional installations. Connection is via spring terminals on rear. Aluminium grille & wall bracket offers rust free performance in even the most demanding environments. Installation is very easy, the bracket screws to the wall using ordinary hardware, then the speaker is secured with the included thumbscrews. Suitable for outdoor installations under eaves eg: not rainproof. **Sold in pairs.**
